Time travel is the concept of movement between certain points in time, analogous to movement between different points in space by an object or a person, typically using a hypothetical device known as a time machine. Time travel is a widely-recognized concept in philosophy and fiction. The idea of a time machine was popularized by H. G. Wells' 1895 novel *The Time Machine*.

In modern politics and history, a parliament is a legislative body of government. Generally, a modern parliament has three functions: representing the electorate, making laws, and overseeing the government via hearings and inquiries. The term is similar to the idea of a senate, synod or congress, and is commonly used in countries that are current or former monarchies, a form of government with ...

Since ancient times the world has had its list of (usually seven) wonders. In antiquity, the Great Pyramid of Giza (the only wonder from the original list still standing), the statue of Zeus at Olympia, the Colossus of Rhodes (a new, gigantic, version of which is being built today), and others were among the occupants of the list. Over time, the worldâ€™™s wonders changed depending on the ...
