It is the usual, "That's really cool, but what does it do?" question. I get this question all the time. So

being an Avatar is a cool thing, but what can you do with it? The Religion War tries to define this while giving the reader a glimpse into a dark and disturbing future. I am not a religious person by nature.

God's Debris isn't true, as far as I know, but it's oddly compelling. Therein lies the thought experiment: Try to figure out what's wrong with the simplest explanations. The central character states a number of scientific "facts." Some of his weirdest statements are consistent with what scientists generally believe.
