Formative assessment, including diagnostic testing, is a range of formal and informal assessment procedures conducted by teachers during the learning process in order to modify teaching and learning activities to improve student attainment. It typically involves qualitative feedback (rather than scores) for both student and teacher that focuses on the details of content and performance.

Formative assessment - Wikipedia

Synergy Learning Management System (LMS) dramatically simplifies everything on a teacher's to-do list so teachers can focus on student learning and achievement, not on managing technology. Synergy LMS facilitates classroom management, centralizes and organizes curriculum, content and assessments, and features a robust gradebook at its core.

In education, a curriculum (/ k ɪˈrɪkjʊlə m /; plural: curricula / k ɪˈrɪkjə k j ə / or curriculums) is broadly defined as the totality of student experiences that occur in the educational process. The term often refers specifically to a planned sequence of instruction, or to a view of the student's experiences in terms of the educator's or school's instructional goals.
